SUMMARY

Web developer building SaaS products at Zentra, where I create custom websites, apps and systems. I work from planning through development, focused on clear interfaces that work on any screen. I'm also a Web Development Intern at Fluvi Soluções Digitais and a Software Engineering student.

EXPERIENCE

Sep 2026 – present

SaaS Developer

Zentra · zentrasistemas.com.br

- Development of SaaS products and web projects, from planning to code.
- Built the NFC and QR Code digital menu, which puts a venue's menu straight on the customer's phone, with no app to install.

Aug 2026 – present

Web Development Intern

Fluvi Soluções Digitais · Remote

Jul 2026 – present

IT Support Intern

Ilhabela City Hall · On-site

PROJECTS

Live

Digital menu · Sorvetes Rocha

cardapio-sorveteria-rocha.vercel.app

- Mobile menu for an ice cream shop in São Sebastião, Brazil, opened by QR Code or NFC, with categories, flavors and labels such as lactose-free, vegan and sugar-free.

EDUCATION

In progress

Software Engineering

Centro Universitário Módulo

SKILLS

HTML5 · CSS3 · JavaScript · Git · GitHub · Python · SaaS
